

# Meeting Our New Friend

Carter Ficklen III, CIH, CSP  
Safety and Quality Assurance Alliance, Inc.

# We've heard about our friend for years.....how did we prepare

- ▶ Participation in conference calls
  - Setting up tables
- ▶ Homework from Bart
  - We chose real surveys and sampling reports
- ▶ Some thought about how we can use this.....and how it can provide value

# Training logistics

- ▶ IH group will need a separate room from medical
- ▶ Need network access inside firewall
- ▶ Need a NASA computer for Monica to use during training

# What's our plan to use our friend?

- ▶ Upload all IH equipment into equipment module
    - Look at example in live environment
    - We are 90% complete
  - ▶ Include all IH samples and surveys from June 20<sup>th</sup> onward
  - ▶ Enter noise surveys and dosimetry from past few years
    - Possible intern support for some of this
  - ▶ Move into using Exposure Assessment module in the next year
- 

# Just like any new relationship....

- ▶ Time consuming initially
  - ▶ Resources
  - ▶ Patience and understanding
  - ▶ Someone has to take the lead
  - ▶ Contract stuff.....
-
